In large numbers of high-power battleplanes for service in the war. "In power, speed and serviceability and minimum weight," he continues, "the new engine invites comparison with the best the European war has produced. The engine was brought about through the co-operation of more than a score of engineers who pooled their skill and trade secrets in the war emergency."

For obvious reasons specifications of the motor, details of its performance under test and arrangements made for its production in quantity are withheld.

In conclusion, however, Mr. Baker says: "Progress has already been made toward organizing the industry for the manufacture of the new machines and deliveries will begin in a comparatively short time."

**BAKER'S STATEMENT.**  
Secretary Baker's statement follows: "The United States aviation engine has passed its final tests. They were successful and satisfying. The new motor, designed by the signal service as the 'Liberty motor,' is now the main reliance of the United States in the rapid production of large numbers of high-powered battleplanes for service in the war. In power, speed, serviceability and minimum weight, the new engine is rapid development of this engine as one of the really big accomplishments of the United States since its entry into the war. The engine was brought about through co-operation of more than a score of engineers who pooled their skill and trade secrets in the war emergency, working with the encouragement of the aircraft production board, the War Department and the bureau of standards."

**GREAT ACHIEVEMENT.**  
The story of the production of this motor is a remarkable one. Probably the war has produced no greater single achievement. "One of the first problems was to produce a motor of the type of aviation motor. Two courses were open. One was to encourage manufacturers to build their own type, the other to bring the best of all types together and develop a standard. The latter course was chosen and two of the best engineers in the country were brought together at Washington."

## UNIONITES ATTACK CAR; CREWS ARE ASSAULTED.

### General Sympathy Strike to Tie Up All San Francisco Discussed by Laborite Council.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
SAN FRANCISCO BUREAU OF THE TIMES, Sept. 12.—Strikes and rumors of strikes are filling a surcharged air here as the walking delegates and the union-labor politicians are making a desperate effort to retain their strangle hold on the industries and government of San Francisco.

At a meeting of the labor council last night the delegates of the affiliated unions voted almost unanimously for a general walk-out of all union employees in every line of industry in an "intimidation strike" to force the United Railroads to "declare against the open shop. The strike would affect about 45,000 men and women in San Francisco. "Black Jack" McGuire, walking delegate of the boiler-makers and chairman of the Strike Committee declared this morning that the intimidation strike is certain to be called. A referendum vote of the unions is required by "union rules" before an intimidation strike can be called. Two unions have already taken that vote and endorsed the strike by big majorities.

**INCREASED VIOLENCE.**  
Increased violence marked the resumption of service on all the lines of the United Railroads today. Despite increased police activity two car men were killed, one of them perhaps fatally, and four others were badly beaten. Tom Murphy, a striker, is in the Emergency Hospital with a bullet lodged in his stomach. The police detectives believe the ground is self-inflicted. Herbert Schaack, a United Railroads motorman was attacked by a trouble gang of the unions at Second and Bryant streets last afternoon. One of the gang, alleged to have been Murphy, struck Schaack over the head with a heavy wrench, knocking him senseless, and then proceeded to break his nose.

Princess Pignatelli d'Aragon. Whose husband appeared as complainant to prefer a charge of assault against Capt. Edmund L. Haus, U.S.A. at Belmonte L.I. The Prince says he will not live at his house on Hempstead boulevard with his wife, the former Ruth Waters and heiress to the Jason Waters millions, until the matter is settled to his satisfaction. Until that time he will reside in a New York hotel. The Princess was hostess at a party at which the captain and other men and women were guests. The Prince objected to the presence of certain guests and when a constable arrived in answer to a telephone call, he found Capt. Haus and another guest pummeling Pignatelli, it is said. The captain was arrested and held under \$200 bail.

## PACKING HOUSE PLANTS ATTACKED BY RIOTERS.

### BY A. P. NIGHT WIRE.

KANSAS CITY (Mo.) Sept. 12.—A riot which is estimated to have occurred when the crowd of strike sympathizers assembled before the Armour plant and began "milling" as 600 or more employees, who had not joined the strike, came out of the plant. The rioters, who were at their height someone threw a brick, which struck Ora Wood, a switchman, fracturing his skull. Bricks were then thrown freely.

The Chamber of Commerce of Kansas City, Kan., where the packing plant is located, has telegraphed the Department of Labor, urging that "extraordinary efforts be used for the immediate retirement of the packing house and soap factory strikes."

Lord Reading announced he was on a "special mission in behalf of the British War Cabinet" having to do with finances. He was accompanied by Col. E. D. Swinton, an assistant secretary to the British War Cabinet, and J. M. Keynes of the British Treasury.

Lord Reading said he would go to Washington immediately.

"I came on a mission from the British War Cabinet," said Lord Reading. ## DIPLOMATIC BREAK FOLLOWED BY RIOTS.

### Argentina Ousts the Kaiser's Minister; Precautions to Save Luxburg From Attack.

(BY ATLANTIC CABLE AND A. P.)  
BUENOS AIRES, Sept. 12.—The downtown section of the city was the scene of the wildest disorders tonight in connection with great anti-German demonstrations, in which thousands of Argentines took part.

Many of those in the mobs carried fire brands and as a result scores of buildings were set on fire. Several blocks of German business houses in Calle 25 de Mayo were destroyed.

Among the structures attacked were the German Club, one of the finest edifices in the city, and the building of the German daily, La Union. As fast as the fires in these buildings were extinguished, they were started again. Mounted patrols and the entire fire department kept rushing from one part of the city to another, in an attempt to quell the riots and put down the flames. In several instances police who were attempting to shoot at those wielding torches were set upon by the crowds and disarmed.

Extraordinary precautions have been taken by the authorities to protect Count Luxburg, the German Minister, when he arrives here tomorrow morning to receive his passports.

(BY ATLANTIC CABLE AND A. P.)  
BUENOS AIRES, Sept. 12.—Immense crowds joined in anti-German demonstrations here this afternoon. The German Legation and German newspaper buildings were stoned. There was severe rioting, and mounted police charged the mobs in the fashionable Avenida Florida. Despite the strong mounted guards, a mob broke all the windows in the office of the newspaper La Union.

The German Club and a German newspaper building were set on fire by the mob.

**LUXBURG'S PASSPORTS.**  
(BY ATLANTIC CABLE AND A. P.)  
BUENOS AIRES, Sept. 12.—The Argentine government at noon today sent to the German Legation passports to be delivered to Count Luxburg, the German Minister in Buenos Aires. The whereabouts of Count Luxburg is unknown to the Argentine government.

The Argentine Foreign Office today sent a communication to the Legation in which it explained that the government was sending the passports to the Legation through the Legation of the Argentine Legation.

It was officially announced here today that if Germany failed to approve of Count von Luxburg's action, Argentina would recall her Minister in Berlin. If the Berlin government disapproved of his action, the status quo would be maintained.

The Argentine Minister at Berlin has been instructed to inform the German Foreign Office that Count von Luxburg has been handed his passports and to ask for explanations regarding the telegram disclosure. If the German government disapproves of the action of the Argentine Minister, the situation may be clear. If Berlin does not disapprove of the action of the Argentine Minister, the situation may be clear.

The note sent by Foreign Minister Pueyrredon to Count von Luxburg, in which the German Minister was tendered his passports, reads: "Mr. Minister: 'You having ceased to be persona grata to the Argentine government, that government has decided to deliver to you your passports, which I transmit herewith by order of His Excellency, the President of the Republic.'"

The introducer of embassies has instructions to assist you in your immediate departure from the territory of the republic. God keep you."

(Signed) "H. PUEYRREDON."

"To Count Karl von Luxburg, envoy extraordinary and minister plenipotentiary of the German Empire."

The passport issued to Count von Luxburg reads: "Considering that His Excellency, Count Karl von Luxburg, envoy extraordinary and minister plenipotentiary of the German Empire, is leaving the Argentine Republic, the authorities of the republic are hereby requested to protect him in his passage to the frontier."

(Signed) "PUEYREDON."

## ATTITUDE OF BRITAIN.

### BY ATLANTIC CABLE AND A. P.

LONDON, Sept. 12.—The British Minister at Stockholm called at the Swedish Foreign Office yesterday, drew attention to the charges made against the Swedish government by the State Department at Washington and expressed his amazement that it was possible for such charges to be brought after the formal assurances given Great Britain some time ago.

The minister added that the British government was surprised that it had not yet received any official explanation from Sweden.

The statement from the Swedish Foreign Office that the Swedish undertaking to cease sending German messages applied only to North America caused a great surprise here, where the facts have been well known for a long time among diplomats and others.

When the British government took up the matter with Sweden in 1915, assurances were given by the Swedish Foreign Office to the British Minister at Stockholm and by the Swedish Minister in London, it is declared, that the use of Swedish diplomatic facilities for the transmission of German messages should cease. There were no limitations or reservations of any sort, it is stated.

BALL GAME ON  
THE FIRING LINE

Canadians are Good Players,  
Says Ring Lardner.

Hopes to be Back Here to  
See the World Series.

Predicts the White Sox will  
Play with New York.

BY KING W. LARDNER.

AT ATLANTIC CITY, Sept. 11.—Friend Harvey: I see by the papers that the White Sox are seven games ahead of the Red Sox, with only about sixteen games left to play, and it looks as if the world's series would be between us and New York, and I was thinking how sore the fans would be if I didn't write something about all the games, but it takes a long time to cross the Atlantic these days, and maybe I will just be landing when the series opens up, and can't land in Chicago on account of the ocean stopping before it gets there, so will you fix it up with Stan Johnson or somebody to have them start the series in New York instead of Chicago, and then I can go straight from the dock to the Polo Grounds and get there about the time Bill Killebrew is landing and Rariden and Cloutier and Schalk.

You ought not to have no objection to doing this for me, Harvey, because it will save some money in railroad fare, and that's what we are all trying to do is save money. Speaking about baseball, I and Floyd Gibbons was up behind the British front the other day, and some of the Canadians that were having a vacation played a ball game between each other, and one side was called the "British" and the other "the Canadians" and they were playing a ball game, but Floyd didn't take a baseball course at Georgetown, and I wish you could see the exhibition he put up.

I think it was along about the seventh or eighth inning that he caught a ball that was thrown to him, and the Canadians cheered him to the echo. The Canadians are a fine minded and always give credit where credit is due. Floyd played the whole nine innings in a brand new pair of army boots and, of course, a few articles of clothing, but the boots is what he blames for his boots in the game, and he says nobody could expect him to play his best with boots on, so I guess nobody would expect him to play his best with boots on.

Some of the Canadians are pretty good ball players, and they seem to like baseball a whole lot better than cricket or hockey, or other things, so there's some hope for the world after all.

## RUSSIAN EXCHANGE

## DECREASES IN VALUE.

[BY ATLANTIC CITY AND A. P.] LONDON, Sept. 12.—The position of Russian exchange is becoming daily more unfavorable. Today's rate quoted at from 430 to 450 rubles per £10 against a normal of \$4.60, is attributed to a loss of confidence in the ability of debtors in Petrograd to meet their engagements under present conditions.

## A MONEY MYSTERY.

## Investigation of Carolina Woman's Death Discloses Alleged Looting of Estate.

[BY A. P. NIGHT WIRE.]—Amst. Dist. Atty. Dooling, who is in charge of the investigation into the death of Mrs. Maude A. King at Concord, N. C., announced today that after an all-night examination of papers and correspondence belonging to Gaston B. Means, business manager for Mrs. King, he had found sufficient evidence to warrant indictments for grand larceny against one or more persons for alleged looting of the King estate. The assistant prosecutor said he had found in Means's effects a paper upon which was an agreement whereby Means was to receive \$250,000 in case the new will of Mrs. King's husband, which is now up for probate, got through successfully. Means was a witness of her death on August 29 by a pistol shot.

NEW AND EMPTY TRUNK'S FOUND IN DEATH SUITE.

Investigation of Murder Mystery in Downtown Hotel Leads to Motor Car as the Chief Clew.

A "DEATH trunk," and an automobile are the two outstanding features in the investigation of yesterday's downtown hotel murder mystery. Early in the morning Roy Shaw of San Francisco was found dead and H. A. Gabriel, a mining engineer of Alaska and Los Angeles, found in a dying condition in adjoining locked rooms on the eighth floor of the hotel. Detectives working on the case believe that in the additional evidence brought to light last night they have the elements of one of the most sensational cases that has come to their attention in recent years.

BANK BANDIT ATTEMPTS TO ESCAPE FROM JAIL.

ASHING ROY DE HOOG, who robbed the Westlake Park branch of the Home Savings Bank to win the love of a girl, added another exploit to his many adventures last night at the County Jail, where he was detected in an attempt to break out of his cell.

Roy de Hoog, with his brother Edward de Hoog, who will soon face trial for alleged complicity in the bank robbery, was confined in a special cell. This cell is located next to the room in which Jailer George Gallagher sleeps. On several nights during the past week, Jailer Gallagher was awakened by the noise of someone tinkering with pieces of metal.

"TRAIL" STILL IS CLOSED, BUT MAY OPEN TONIGHT.

DISAPPOINTMENT was the lot of thousands of people last night when the meeting at the great evangelistic tabernacle out on Grand avenue was closed by Billy Sunday without his having extended the invitation to "hit the sawdust trail."

His sermon was on "The Hour is Come"—one which, his co-laborers say, has most frequently been used on the nights when the "trail" is opened for the first time. Just what the difficulty was Billy did not make known, but after a zealous appeal to the people to turn to the Christian life he abruptly closed the meeting with a short prayer and a "season" of hand-shaking. However, members of the Sunday party after the meeting declared that they are confident the trail invitation will be given tonight.

MOTLEY FLINT DOESN'T PLEAD.

Time Limit up and Wife may Obtain Divorce Decree Today by Default.

According to law, Mrs. Gertrude Flint will be entitled today, it is said, to an interlocutory decree of divorce by default from Motley H. Flint, vice-president of the Los Angeles Trust and Savings Bank and prominent lodge man.

Mr. Flint was served with the divorce summons by the Fresno County Clerk on August 13 and the thirty days allowed him in which to file an answer or demurrer expired last evening. Up to closing of the clerk's office yesterday he had not entered an appearance.

## SOCIETY.

**Children and grandchildren have been born and raised here.**

**To Visit Son.**—Mrs. J. D. Riddell and her niece, Miss Helen MacDonough, formerly of No. 2447 West Seventh street, left Sunday to make their permanent home in San Francisco. They are domiciled at the Cecil Hotel, but will leave shortly to visit Mrs. Riddell's son, Lieut. Jack Riddell, at Vancouver, Wash. Lieut. Riddell's promotion is a recent occurrence, and he is now a member of the Forty-fourth Infantry at the Vancouver barracks.

**Kohn-Moore Wedding.**—A wedding was solemnized at the home of Rev. J. M. Schaefer, the officiating minister, Tuesday morning when Miss Grace Kohn of National City and Charles Kohn of this city became man and wife. The ceremony was witnessed by a few close friends of the couple. At the conclusion of a wedding trip the bride and groom will be at home to their friends at Chula Vista, Cal.

## WORK FOR WOMEN.

**Two Hundred of Them Wanted Daily at Canning Plant—Wages Up to Two-Fifty.**

The shortage of female labor in Los Angeles was made apparent yesterday when the California Sanitary Canning Company of No. 1533 Industrial street appealed to the Chamber of Commerce to use its influence in securing for the company 200 women. They are wanted at once and will be given steady employment throughout the canning season.

Col. Henry Laub, part owner of the cannery, went in person to the Chamber of Commerce. He said the women earn from \$1.50 to \$2.50 per week, the wage scale for piece work being fixed by the state law. "We have orders for 200,000 cases of canned tomatoes," said Col. Laub. "and have only one-third of the women needed to carry out our contract. We are serious about this and if 200 women will come to our plant tomorrow morning we will put them to work."

## WIFE TOO SAFE.

**City Employee Sues Hospital Heads When His Wife, Deary Him, Admits to Mate.**

John Eiler, an employee of the city, placed his wife in such a safe place that attendants afterward refused to even let him see her, according to a petition for a writ of habeas corpus filed in the Superior Court yesterday by the wife's brother, Presiding Judge Craig, who ordered it returnable before Superior Judge Hoover Tuesday. Mr. Eiler declared that his wife was released from Patton recently and was placed in his care. To give her rest, comfort and a visit, he placed her in a local sanitarium for safe keeping. T. W. Bishop and T. W. McCallister, in charge of the institution, Mr. Eiler complains, made her so safe that he was not even allowed to see her.

## WEINSTOCK AT WORK.

**State Market Director Spends Day in Los Angeles Confering on Fish Problem.**

Harris Weinstock, State Market Director, yesterday held a conference with David B. Lyons, Register of Voters and a member of the County Council Defense Committee, was the guest of honor at the Hotel Clark at a luncheon of the Commercial Board of Los Angeles and attended a closed session of the Defense Committee in Presiding Judge Craig's chambers late in the afternoon.

His visit was the result of correspondence with Mr. Lyons with reference to the condition of the fish market here. Col. Weinstock asserted that the lack of finances would hamper his plans. The suggestion of Mr. Lyons, not made public, bridges the difficulty, he said.

This afternoon there will be a meeting of the Defense Committee. Col. Weinstock and newspaper men will outline a campaign of publicity.

**FALLS FOUL OF HIS OLD HABIT.**

**Patrol Horse has Traffic Reversed on Him and Capture Follows.**

Write it large: Force of habit triumphed over willful perversity yesterday and another erstwhile sinner was saved from the burning. J. J. Lacher, a traffic officer, some weeks ago got a new mount, Henry by name, fresh from the verdant pastures up Calabasas way. Though Henry took to his work like a shoering gambler to the asphalt, he now and then was observed to pine, as it were, for the water brooks.

Yesterday Patrolman Lacher went into the City Hall and Henry decided that the time had arrived to "pull his freight." So he threw it into the high, headed north.

But just as Henry arrived at Second street the crossing officer reversed traffic from north and south to east and west. Habit got the better of the homing horse. He stopped and the next instant a detaining hand was laid on his bridle.

climate into consideration or the fact that supplies are not all at the cantonment yet. Every man who expects to come to American Lake on the next or succeeding contingents should come with ample clothing. By so doing he will save himself considerable inconvenience and discomfort.

The clothes provided for the men are of splendid material. The shirts and underwear are warm and soft and the coat and trousers are closely woven and heavy enough for almost any weather. The shoes are heavy-soled, hobnailed, and the heels are shod with steel. The upper is rough leather on the outside, but smoothly finished on the inside. There is no too loose to cause corns or chafing and while heavy should be exceedingly comfortable. The shoes are fitted to the men under a full heavy marching order. The purpose of this is to be sure and get them large enough to spread, or more feet will be the inevitable result.

## SUNSHINE BATTALION.

The third battalion of the Three Hundred and Sixty-fourth Infantry has been christened the "Sunshine Battalion," first because of the happy disposition of the men and second because, with the exception of a few of the veterans, it is composed almost entirely of men from Southern California. These men are real soldiers. They are not green or complacent. They go ahead and do the very best they can and are obedient and prompt in all things, qualities which make them valuable to the army and a joy to their officers. "Bud MacBeth," the mascot of Co. I, is the happiest man in the world. He is well fed, well housed and the pet of every man in the barracks. He is a fine fellow, a square in which I Company have quarters. This great black hound, "Bud," is a fine fellow, a square in which I Company have quarters. This great black hound, "Bud," is a fine fellow, a square in which I Company have quarters.

## OFFICERS ARRIVE.

Among those who arrived at Camp Lewis yesterday and today were several officers of note, Lieut. Edward B. Stone of Fort Seward, Alaska, in camp and will be placed with one of the infantry regiments.

Mr. Struger, a Serbian, who took part in the siege and conquest of Scutari, Albania, during the Balkan war of 1914, was taken by the army, has been placed in Co. K, Three Hundred and Sixty-fourth Infantry.

As aide to Brig.-Gen. F. S. Polts will be Lieut. W. F. Daugherty of the Third Cavalry, who arrived yesterday.

Over twenty college graduates, several of them with considerable technical training, are being trained for the Three Hundred and Sixty-fourth Engineers by Second Lieut. V. W. McKinney of that regiment.

In a talk to the women of Tacoma today, John P. Meigs of New York, vice-president of the Women's War Work Council, explained fully the aims and objects of the proposed hospital at the camp which is to be maintained through an appropriation of \$30,000.

## METRO'S BIG PLANS.

By Grace Kingsley.

Announcement was made yesterday by B. A. Rolfe, general manager of the Metro Pictures Corporation, in the West, that Metro had taken over Charlie Chaplin's studio in East Hollywood, known as the Lone Star studio, and will make its western pictures there. Several improvements and additions will be made, including additional stages and dressing-rooms. Many splendid plans for the future in connection with its western productions. Several important features will be made, with no sparing of expense, and for this purpose a number of novels and tales by well-known authors have been purchased and will be produced out here.

Among the stars who will shortly make their appearance at the new Metro studio are Edith Storey, Emmy Wehlen and Viola Dana. Miss Storey and Miss Dana will arrive in about ten days, and Miss Wehlen probably in the course of a month. Miss Wehlen has been suffering from ill health for several weeks, and will prior to coming to California, take a few weeks' vacation. Miss Storey spent a few weeks here last winter under the management of the Vitaphone, and, according to information received, is anxious to come back to California, particularly as she found it difficult to work in the studio on account of having to work under lights there, her eyes having been rendered sensitive by the powerful lights.

Viola Dana, who is a great favorite in the West, has never been here before. She is a native of California, and is bringing a variety of pets with her. She is a very popular actress, and is expected to do so, but she prefers to remain in New York at least for the present.

The first four pictures in which Miss Storey will appear are "The Legion of Death," by June Mathis, "The Heart of a Hero," by June Mathis, "The Heart of a Hero," by June Mathis, "The Heart of a Hero," by June Mathis.

Myrtle Reed's popular story, "A Weaver of Dreams," has been chosen as a vehicle for Viola Dana, who will also appear in "The Windy Trail," by June Mathis. Miss Dana is now completing in the East a film version of the melodrama, "The Heart of a Hero," by June Mathis.

Will Rollie Fun Factory.

Charlie Chaplin will erect his own studio in which to make his productions for the first national exhibitors circuit, is the report.

Temperament vs. Temperature.

This hot spell is very hard on the nerves of those temperamental young people who are actors and actresses. Take the Morocco Theater, for instance. There came near being a riot here yesterday, and other incidents of the kind, because one prominent young lady of the company insisted the stage door should be kept open to let in the breeze, while another insisted it should be kept closed to keep out the heat.

"If that door isn't left open to let in the breeze, I shall come in," said one.

"Well," adjudged stage director Butler, "Solomon's wisdom, 'I will keep it open until one dies of the heat, then keep it shut until the other smothered, after which we shall probably be able to go on with rehearsal.'"

Miss Glaum on Vacation.

Taking a few weeks off to return to New York, Miss Glaum, who is the latest fashion in "vamping," is what Louise Glaum suddenly decided, after a long stay in Los Angeles, to take a vacation.

Excitement Item.

William S. Hart is reported to have watched his celluloid double in "The Cold Deck" at Tally's Broadway last night.

Don't Say Swans to Neilan.

If ever you are tempted to say swans in a picture, unless said swans are a part of the plot, or a location, don't do it, says Marshall Pickford, who is directing Mary Pickford in "The Little Princess."

## NEW PLAYS HERE.

**MASON AND MOROSCO OFFER SUCCESSES.**

When Thomas Moore said "all that's bright must fade," he uttered a platitude, but he got away with it because he put it in poetic form. However, when he asserted that the brightest is ever the fleetest he showed his ignorance of Los Angeles theatrical history, the truth plays are not only most gladly welcomed here, but that they remain much longer than the high-brow, somber dramas. For five consecutive weeks "The Cinderella Man" has held the interest of Los Angeles theatergoers in the house in which it is showing being packed at every performance. The Mason and the Morosco are both dark this week, but a strong play is promised at the Mason next week, with a new production at the Morosco.

The various picture theaters are offering an unusually good run of photoplays this week, with a host of bright stars in the cast. Among them are: Mabel Van Buren, Miriam Cooper, Anna Little, Dorothy Phillips, Douglas Fairbanks, Harold Lockwood, William S. Hart, Hobart Bosworth, Dustin Farnum and many others.

If you get to the Morocco Theater as late as 8:15 o'clock any night, you are sure to see a very interesting sign over the box office window reading, "Sold Out," for "The Cinderella Man." This is the first time in the history of the theater that the Morocco Theater has been sold out for the last four weeks. If you wait until next week to see this pretty play you'll be sure to see it. The play is a story of a girl who is sold into slavery, and the story of her search for her discovery. Among the noted ones in the big cast will be Norman Foster, Max Baerley, Eva Rostova, Clifford Stark, Cordelia MacDonald, Robert Barrat, Frank Wood and Franklin George.

Orpheum.

The Orpheum topline for the week beginning next Monday is said to be the most unusual entertainment ever offered at that house this season. The big attraction is Leona Lamar, "the girl with a thousand eyes," who is declared "the all-time favorite of the Orpheum." How she accomplishes all this she says is as much a mystery to her as it is to her audience, but the fact remains that she "reveals the secret thoughts of her audience, and those whose thoughts are not pure white might do well to take a back seat, prepared to skip if things get too hot for them. Another featured act on the new bill will be the first presentation on any stage of "The Actress and the Critic," a dramatic playlet, and professed by Constance Crawley and Arthur Maude. Katharine and Charles Olcott. The play is a story of a girl who is sold into slavery, and the story of her search for her discovery. There are dog shows along with the canine act, and another dog show de luxe, if it's proper to use that expression in connection with canine cleverness. There are other good acts on the current week's bill, one of the best of them being Bill Godfrey's laughable skill, along with "Foot and another being The Five Musical Harpists. Others on the programme are Charles and Mary, and company in "The Movie Man," Joe Riley, and his jazz harmonica and Faber and Taylor in jokes and comedy songs.
